

Sing & Play Curricula Descriptions

Get ready to sing, play, and move with your little one in this high-energy music class designed to be just right for children under two years of age. This new Kindermusik curriculum focuses on your child's beginning movement, helping to build the muscles your baby needs to walk, and vocal development, helping to nurture your child's speaking and singing voice. With a mix of both parent-child joint activities and child-focused activities, you'll be able to join right in on all the singing and dancing while also getting the chance to observe how your older baby or toddler learns on her own. Embark on Kindermusik's fun new exploration of singing, swaying, laughing, and playing through *Sing & Play*, a just-right mix of early-childhood vocal play and language development, together time, and music and movement activities!

Family All Around Me

For toddlers, “family” means everyone who loves them! They are often surrounded by family members, friends, and other loving caregivers who look after them and shape their days. **Family All Around Me** celebrates these bonds and offers lots of opportunities for fun, connection, movement, and instrument play.

Around the House

Home is where the heart is—but also where the cooking, eating, playtime, bathtime, and pets are! **Around the House** makes its way through the typical routines and day-parts, from active games and play-alongs to calming, rocking lullabies.

Big Red Barn

An enduring favorite theme, farms (and all the moos, quacks, and neighs that come with them) are a reliable toddler hit! Packed with classics, **Big Red Barn** is fun and active as you move like animals, make animal sounds, play instruments, and learn about loud/quiet and fast/slow.

Zoom!

Here it comes, here it comes, here it comes...here it is! There it goes, there it goes, it's going...it's gone. Explore the sights, sounds, and sensations of cars, trains, and planes. Experience the steady beat of their clickity-clacks and vroom-vroom-vrooms, the fast-and-slow of their comings and goings, the stopping-and-starting, and the jingling of keys! Off we **Zoom!**

Playtime!

Nothing could be better than **Playtime!** This unit is all about fun and predictability. Do it, then do it once more. That was fun. Let's do it again! From *Pop Goes the Weasel* to *Sally Go 'Round the Sun*, and *Little Green Frog* to *Monkey See, Monkey Do*, this unit is a non-stop play-fest that stresses the developmental value of predictability, repetition, and play.

Yum! 

All we can say is...**Yum!** You'll "gobble up" this unit's strawberries and pancakes, apples, raisins, and other yummy treats. Then you'll move, move, move! Little bodies learn movement, coordination, and body awareness through contrasts--so get ready to move your body in high-and-low, large-and-small, and even energetic-and-calm ways.

Way Up High 

Experience opposite concepts with your voices, bodies, and movements, as well as instruments and props, in Way Up High! You'll swoop and flutter fast and slow, high and low, as you explore spatial development and positional vocabulary, multi-sensory learning, and more.

Hello, Day! 

What do you do in the morning? In Hello, Day!, you'll greet the day with all of your senses. You'll say good morning to the sunshine, you'll blow away the morning dew, you'll stretch your bodies high and low, explore and exercise fine-motor skills, and even play bathtime and laundry games.

Big Back Yard 

Parks, playgrounds, and yards of all shapes and sizes were made for play, play, play! Our bodies get a gross-motor "goose" when we go on a pretend adventure in our **Big Back Yard**.

I Can Do That! 

I Can Do That! Being a toddler is complicated. There's so much I still need help with, but so many new things within my grasp! I like to try them out, but you're always telling me to be careful. So let's try some new things together, and when we're done, I'll probably want to remind you: **I Can Do That!**

Rain or Shine 

Up the water spout, down the water spout, you know how it goes. We'll use our senses to explore the sights, sounds, and sensations of sunny days, rainy days, and all the other kinds of days in between. **Rain or Shine**, we'll be ready for some fun!

On the Town
with Bear 

Lace up your sneakers, we're going out on the town! We'll visit the city and see what there is to see, then head out into the country to check that out, too. Bear will, of course, go over the mountain and go a-yodeling, too. Come along! You never know what adventures you'll have when you're **On the Town with Bear**.
